DEBI ATY!

Among the despatches a day or two sage appropriate testacenest that Rev. Heber Nowton Syrons at least at the end of his or he very would be arrangeed before a clurred removal on the residence of the reserve that the end of his or he very and a charge of the resy. Heber Nowton is an electric end of expression of Vew York, and his of Erone and expression of Yes York, and he of Epoc gal classyman of New Yerk, and he of fences is a series of sermona upon the Robe, de-livered from the own judget. Briefly, Mr., performance of Mr. Wal on the stronger. Newton beloves almost pissuonately in the in-Newton believes almost passionately in the inspiration of God flowing down into humanity not confined to any book or age but given to the world as an eternal source of loy, help and guidance. The Brilie belcannot accept as a maintail of spience, or even an exact record of the bilistory of past ages of the world. Reason, the Logon, must come in everywhere to separate the probable from the improbable. He deplores the use of the Brile as an loracle, as the diviners of old anticed the correlated fords. They seem sail and saily departs, the record of the Brile as an loracle, as the diviners of old anticed the correlate of tends. They seem sail and saily departs, the record the deplores the use of the Brile as an loracle, as the diviners of old anticed the correlate of tends.

the discoverfuture cours. He rejects the Jam that the proposed forced the future of even thought they dol. As far as there yes prophecy of a Messah, it spraig from the longing and travailing of the race which pointed. To our far soft divine event." No too has ever given brighter, more glowing bestin only to the value of the poetry, the idites and religion of the poetry the idites and religion of the poetry divine events to the still only the still only to the known that at all times This taken the ground in expand delth to for manifestly it is impossible for modern youth to read a good doul of the little and town stands.

The New York Observer, commenting on Mr. Newton is discourses, says: "The low thanks in theology. It is one of the notions of a modern school of religious thought that the process of evolution by which man was developed from the age is going on in the mural world, and what we know now it a natural ontgrowth of what we know now it a natural ontgrowth of what we know now it a natural ontgrowth of what we know now it a natural ontgrowth of what we know now it a natural ontgrowth of what we know now it a natural ontgrowth of what we know now it is natural ontgrowth of what we know now it is natural ontgrowth.

of what we know ion years ago. If r. Newton has just evolved a novelty in Biblical senonce which has not been exceeded in its way since the apple cid not fall on the head of the great philosopher whose name the rector hear. Bince the art of writing was invented there was nave written a more carions and unexamed dissertation on inspiration than this sermon on the Bible. The preacher has, since its delivery, stated his views more fully to a newspaper interviewer, and brings out, what we inferred, that he has been distributed to those who made application till the fish arrived failed to dring out, what we inferred, that he has been stirred to follow in the wake of Dr. Eliss. been stirred to follow in the wake of Dr. Elle. Beitarian divine who recently admitted Punite Fitte relates that Anthony Trollege that the bible is an orthodox book, and supports the symmetrical theology. Therefore there must be an expurgated Hible, or the so-called "liberal" school will be left out in the cold. The year 1882 was a bad year for the teachers of that school, and the new year will be worse."

THE DISTRESSED LAND.

of severa days, will be taken up again to-day. It will go premptly hereafter, in the high court at Duelin. Proceeding is . The upper Columbia river has been closed pressed by the government and the prisoners for tive weeks. A year ago such a condition se still sullen and deflunt. I is succeeds, se protracted would have been a great bust-mat important result will be at fined? When uses mistortune; but now few people even which may be shared upon the same may to com-mit nurvey, they must have a packed that a swift fate would follow them; b' that did not wift fate would follow them; if that did not stop thom. Of course, if they to convicted, there is nothing to do but to put ten to death. But that, will not end the matter. In north-wister it related to day there are, some scores, probably hundreds of, men, w > know that their wises and little childred fave had no breakfast that they have not steep course food, which is, all the his very poor get as best, for weeks. What wall de course food, which is, all the his very poor get as best, for weeks. What wall de course food, which is, all the his very large part of the immigration credited that what might come, after an experimental listening to the crise. The course food is well as easier of the crise of the respective fields that would a scanfold have sity terrois? And these thinking, that except for the money which an smally has been sent away as infrare to England; sent to men whe hold titles to Irlsh likes it rrough the conjugated to the conjugate and the pear. It will have been that the sevent of the conjugated to the conjugate and the pear. It will have been sent away as infrare to England; sent to men whe hold titles to Irlsh likes it rrough the conjugated to the former times predominated so improve the conjugated their ancestors; this his processed with Deart in the former parts, also, does the arriving manually as considered their ancestors; this his processed and Morewellan settle in the far way, here with the first and the pearl to the first weeks and Morewellan settle in the far way, here with the first world be accounted that the far way is considered to the first production of the processed of the arrival from the processed of the arrival from the processed of the pr Who shall estimate the trials upon the souls of those men? Who should wonder that after a while socres and insadrals become wild bearts and perform acts that makes the world shadshould secure a state for them in Mexico or South America or among the islands of the sea. Their dream of creating an Irish nation in Ireland a a foolish one. If they were to succeed it would be but a queren scapere in their

with blood and black with famine.

To live there contrasts their lives, kits their better serves and surely into boormat proportions all their stersor positions. They

should get away where there is also pland, free hir and room for the expansion which comes of

hope and an open and saple field. To remain there is for them what is is for the cagte when

mater cannot readily be drawn from it. The natural consequences is that when the frost oblids it, the water freezes and the pupe bursts.

And above ground, too, piges are relaced without proper care as in exposure for the first broadened of the first b

the for 1890, that there are commanded the atrival companies are thereughly organized and constantly con the road. For Great Britain about twenty are "gashing" for oddly whough, parliament has hever repealed the sixtuenth century seatures which classified actors with mountebanks, juggers and vaga-honds, or as the home slang is when companies go into rillages, "barantormers." The creat combination company of France is the Comed's Francaise, the repress of which for 1892 has just been officially scokered. Esti-nated in our mounty, it received \$500,000, of rhich a out a helf came from tan government, and \$300 foot of this went to railing and inciountai expense account. Each member of the ontal expense account. Each pender of the appare so me to have pleasure as share about 25,000, out then half of this must go on do person, and the refers governous are the victims of great a person.

Brains that lasters fire or water,

the Toria, but it is Billion that Tirs the Big Battles.

We be leve in accertising as a channel by which to convey to the public the CHARACTER OF THE COMMODITIES WHICH WE HAVE FOR SALE, but to prostitue the columns of a newspaper by sensational advertising, without the semb ance of truth, is a thing to be deprecated. We call all to witness that such has not beca our node of advertising | WE HAVE BEEN CRUTHFUL IN OUR REPRESENTATIONS. We have never misled you or dressed our advertisements in tinsel. We have given plain truchs, and these facts we are anxious to impress upon the public, because their correctness is suscept ble of ready demonstration.

## **Facts and Figures:**

Our house is the receiver of three large purchases within as many weeks, and it is verily crammed with goods. It is a starting fact, but none the less true, that we are actually living upon others' losses. Come and convince yourselves, and although we are,no mendicants pleading for your patronage (inasmuch as your interests are identical with ours), yet we are in terril e earnest to se'l.

There are many lines throughout the house that have been bought at a big discount, and we advise you to see these immediately. (Seeing in these particular instances means buying.)

We advise you to be in as great earnest to buy as we are to sell, and you will REAP A RIGH HARVEST.

We are speaking in all faith when we say that it is a thousand to one that such an opportunity will not present

**J**othing

As the reduction which we have made. WHY! Because, after opening our entire stock to put in our new addition on Front street, we find that we have 8 to 10 SUITS OF EACH KIND, SIZE AND PRICE more than any clothing store need carry, and WE CAN USE THE ROOM TO BETTER AD-VANTAGE, and therefore to hasten the sale we have lowered the ALREADY LOWEST PRICES IN PORTLAND. The prices will remain only until but three suits of each SIZE, KIND and PRICE are sold, which will take about six days. Men's Suits from \$6 to \$35; Boys' Suits from \$2 to \$12,
